

## The Host Apostolate Update Letter 2023-2024

Dear Friends,

Blessings to you all, in what has been a difficult year for the world.

First let me thank everybody for all the kind donations, both financial and devotional.

They come from so many places now that it's always an 'adventure' to open them.

From our Website you will know how many projects we now have (18), not to mention the one-offs. We also send out more material items such as children's clothes and medicines.

We also have a new section for children to contribute their thoughts, ideas etc. New ladder items too...

Since the beginning we had always hoped for a larger base house where we could work together. Storage is clearly an issue but help with sorting, parcelling and dispatch is now imperative in the near future...Has anyone got any ideas? Of course help with admin. is also useful. Contributions to 'Encouragement' - in word or picture – are welcome.

So another year... Encouragement 151 (How did that happen..? – I must be getting older) – what challenges are we going to face this year? It is vital that, as Christians, regardless of the storms, in so many areas of our lives, we stay strong in Faith, Love and Prayer.

This comes with mine,

Halina Holman (Founder)
