Fr. Chukwuemeka Anthony Nwabuifeukwu,
Delta State, Nigeria

We were recently contacted by a parish contact asking if we could send a Chasuble to a priest friend in Nigeria. This has led to a new contact for us whom we welcome.

As we had to wait for the appropriate funds for this request we sent an interim parcel of essential items (see pictures below).

This parcel was gratefully received and we were delighted it got there safely. We look forward to a continued friendship, and more information.

Fortunately we were able to send Fr. Anthony the green Chasuble and Stole together with some other items. We received with pleasure his gratitude. Our relationship seems to be developing and is blessed.

February 2023

January 2025

We continue to send thing to Fr. Anthony, and a new parcel will be on its way soon. He is always very grateful for what we send.

We were delighted to hear that our last parcel, apart from one item, arrived intact. Fr. Anthony sent us a video of all the items so.... 'altar cloths, chasuble, statue, 'many, many rosaries', crucifix, books, scapulas'. He was clearly delighted and said,

'God bless The Host Apostolate and all those who contribute to it and the spreading of the Gospel. I am very happy with them. It is a very worthwhile project and may God bless all who work with zeal for this. THANK YOU!'

Fr. Anthony's mother died in April and we have been praying for her.

November 2026

We continue to be in touch with Fr. Chukwuemeka Anthony Nwabuifeukwu and we have recently asked him and contacts in all projects to update us on specific needs. This helps us to target those needs. He also sent us a more recent photograph.

(Our postal costs, because of the fuel crisis, have risen, so we are having to be very astute).

However, we continue to do our best.
