Fr. Geoffrey Akiso Odongo, St. Peter's Seminary, Madera, Uganda

New Project in Uganda

This project is our newest – it has now split into two as we will continue supporting Father Martin and his flock, but we are now going to help supply that very seminary, which is incredibly bereft of books. Once again, these are coming from many different sources. Our contact here is……

Father Geoffrey Odongo Akiso.

We hope that our association will develop and grow.

Reference

"Hello Halina,

Greetings from Uganda. Am glad to inform you that today September 9th 2019 I received a consignment of books that you sent by post. Our seminary library will never be the same.

Blessings to you and the Host Apostolate.

Fr. Geoffrey"

Fr. Geoff and Seminarists...

Building a Seminary...

Well Done!!

Update:

Children preparing and receiving Holy Communion. Lovely numbers

Finally, we are able to post things again to Uganda... We have had a problem, but post has resumed so we can send more much needed book and prayer resources.

Update October 2025:

We continue to have a great relationship with Fr. Geoff and the Seminary. We have also been able to send some more devotional items and some Mass Stipends. Fr. Geoff has difficulties in raising funds to support both individual students and provide for the seminary itself. He himself needs to develop his academic life so as to develop the students.

We were pleasantly surprised to see the students holding up their copies of 'Encouragement', which Fr. Geoff prints out for them.

We were pleased to be able to supply a Morning and Evening Prayer Book a few at a time, though he still needs more…

The library is now growing nicely, thanks to the donation of books from various sources, in part due to the closure of Religious Houses and Seminaries in Britain. It also is by the donation from individuals.

As the Church develops in Africa we are becoming increasingly aware of the contribution that our African brothers and sisters are making to our spiritual needs and our lives in this country.

It is becoming a co-partnership in faith.

The very least we can do is to support them with prayer and their daily needs.

October 2026

We continue to support St. Peter's Seminary in different ways. Our parcels contain books, pictures and some stationary. These are all very gratefully received, and we are pleased that we found a way of sending books. These of course, are heavy and so we have to be very careful about the volume. However, it seems to be effective. It would be nice, funds permitting to be able to send larger parcels. The books themselves are old and new, both in content and newness. We also send Bibles… but for practical reasons, New Testaments mostly. We also send Mass Stipends which can be used to support both Priests and Seminary.

We have a very good relationship with Fr. Geoffrey!
