

Fr. Prosnel Altidor, Port-au-Prince, Haiti

Haiti, as many of you will know, has been devastated by two earthquakes and a hurricane...no sooner do the people start picking themselves up than disaster befalls again.

We contacted Father Prosnel ourselves after the first earthquake. After pursuing further studies he now contacted us to see if we can help.

Apart from the usual spiritual items, in particular Altar vessels etc. he has asked us for materials for his schoolchildren, such as pencils and paper etc. He asked us however to help with much bigger needs such as solar panels, batteries, inverter, diesel generator, etc. which we may find difficult but we leave this matter open... If you know of anyone who can help, please contact us...

Damaged schoolroom, no floor, walls etc.

Damaged entrance

As this is a recent project we will update as soon as we have more information!
